5-Year Investment Note Opportunity

Now Accepting Pledges for Summer 2018 Investments

As the sale of Class A, 20-year term Preference Shares continues until the end of February, the Ottawa Renewable Energy Co-operative wants to ensure that all have the opportunity to support the development of local solar power in Eastern Ontario.

This coming summer, the Co-operative will be making Investment Notes available to **members and non-members alike**. For the first time, you, your friends and family living outside the region over can support the development of community-owned power in Eastern Ontario!

Member and Non-Member Investment Notes

- 5-year term
- 3% fixed interest rate
- Invest as little as \$5,000

The aim of this multi-stage investment offering is to maximize your Co-operative's earning potential. **We are now accepting pledges** to ensure that you are the first to be contacted when this investment opportunity becomes available.
