information.

CHECK THIS OUT

Amazing Video of the Alfred Launch Event
Drone Footage of OREC's Largest Project

Watch this amazing aerial footage of the Co-operative's largest project to date, a 500 kW ground-mount installation located in the heart of Alfred, ON.

In early October, the Co-operative threw a party to celebrate the completion of this project, a first in Canada, which included a community BBQ and site tour. This event brought together local politicians, many Co-operative members and supporters, citizens of Alfred, and a representative of the Keewaywin First Nation, the project's co-owner.

We cannot thank SMARTNet Alliance and House Edge Media enough for putting this video together.

With warm regards,

David Mazur-Goulet

Communications Manager

On behalf of the entire team
